

Sparks of Light

My Beloved Children of Heart,

“Greetings of joy! My heart is smiling today with the anticipation of what joy is about to reach your awareness. You can claim it now if you choose.

Yes My Beloveds, joy is a choice. Though it is your divine nature to be joy, it has been mostly forgotten during your life experience on a dual plane.

However, the great time of awakening is occurring. Many little sparks of awareness are lighting up your todays and tomorrows.

Each little spark brings its own blessing in that moment of acceptance. The awareness opens up the mind to sense and feel each little spark of lightness.

More sparks, more awareness. Thus the blossoming of awakening becomes a known reality to you.

Each spark has its own special gift. Everyone receives what they are ready for.

Lightness always rains upon each person as love is a constant. However these sparks I am talking about are about your own personal evolution to higher consciousness and awareness of your divine self.

If you are someone who desires a greater understanding, a greater connection to truth, you can actively choose to come into greater awareness. Choosing opens the doorway to receive. Accepting and allowing these sparks of light, leads you to feel a greater connection to your divinity.

The quest to a greater awareness of truth of self is a most delightful journey. You may feel some challenges at times based upon your present reality, past experiences and perceptions, but gradually you will be drawn deeper into your heart.

It truly is a journey to restore heart consciousness. To have that full awareness of knowing truth and the nature of the divine is a heart focus.

Your road is unique to you. Your life story is unique to you. And yet all stories are part of the greater story, the story of us.

As more people open up and accept the sparks of light, the world elevates as a collective. The day will come when there will only be a focus based upon the principles of heart consciousness for that is divine truth.

We journey individually and together. There is value for each individual expression of life. There is value in the collective expression of life.

The great plan of the journey of lives is a divine plan of the Creator. There is a great sacred purpose which will bring such joy to all.

Now you might ask, “How may I accept more of these sparks of light to further my personal expansion? What are the ways to master my thoughts and actions to further my personal advancements?”

There are many pathways and all are honored. If you are seeking greater wisdom and understanding in your life, ask for guidance.

Connect to your heart in a quiet space and ask for guidance. Allow yourself to be still and receive what comes forth.

You have the divine right of choice. You also have been given many other gifts. One of these gifts is the privilege to ask for guidance.

There is much shining upon you always. Each of you has also been given masters, angels and guides to assist you. You also have divine attributes which are innate abilities and gifts.

It is about you deciding what you would choose for yourself and asking for guidance. Being open to receive, will allow you the blessings of divine inspirations that will uplift and guide you to reach the next steps of higher awareness on your sacred path.

Each of you has within you a great capacity to expand and elevate. It is only a matter of choice and readiness, as you are honored in all ways.

Many of you are aware of some of the great masters that have lived on Earth, masters such as Buddha, Jesus, Mary and St. Germaine to name a few. These great ones followed the same path.

They received sparks of light. They were open and allowed the lightness to fill and inspire them.

They took each spark and built upon it. They had a great thirst for further light and knowledge. Thus their thirst to know was their sacred quest which drove them to constantly seek for greater wisdom and understanding.

They learned divine principles of truth and applied them to their lives. This was their choice which was fueled over and over until they reached the heightened levels of consciousness that they desired. They connected to their hearts, and let themselves be guided through divine communication. This is how they reached their mastery. It is the same for all

However today it is even easier for you if you desire it to be. Earth has elevated. We are no longer on 3rd dimension. The lighter energies here now make it easier to connect to your heart.

We have reached this great time of awakening together. It is because of the readiness and choice to release from the old stories of limitations and move into the freedom that you choose to experience.

Yes Beloveds, I celebrate each of you and where you are in your personal journey. Your time to flourish in the many sparks of

light is now. You can choose your mastery. You can choose to be consciously on the pathway to great wisdom and joy.

I celebrate your greatness. I celebrate the joy and wisdom that is your destiny. I celebrate you.

You are the jewels of my heart. Enjoy your life journey. Allow the sparks of light to rain upon you, elevating you onto the golden bridges of light. Shamon.”

With great love,

Your Beloved Mother
